Annual Report of the Town of Pittsburg

SUPERINTENDENT'S REPORT

Feb. 1, 1923 to Feb. 1, 1924.

Looking back over the past year we find cause for gratification and also some cause for disappointment. The progress of the pupils has been generally satisfactory and the teachers have worked hard to bring about good results. Attendance has been fairly good, but not as good as we expect, for there is considerable unnecessary absence.

The average daily cost of maintaining our schools is about \$92.00: thus with an average registration of 138, the daily cost per pupil is 67 cents. This expense goes on every day school is in session whether all the pupils are present or not. Last year there was an average of 15 pupils absent each day. This gives us an economic loss of \$10.00 a day. Why not help to eliminate this waste by making our attendance record better? Our percent of attendance for the year ending June 30, 1923 was 89 as compared with 86 the previous year. We should be able to make it 94 or 95. Tardiness is another evil to be guarded against. Every pupil should be in school every day unless prevented by sickness, and be there on time.

Health supervision is a new feature of the work this year, and we trust that it will prove of great help to increased efficiency in the school work of the pupils.

Today, as never before, every child needs to be educated. He must be so educated that he can bear his full share of life's burdens and not become a parasite on society. An efficient education is possible only when we have good schools, regular attendance, and hard work by the pupils. We have good schools, and I trust that every citizen will cooperate to bring about

Annual Report of the Town of Pittsburg

the result desired. May our goal for the future be excellent attendance, no tardiness and efficient work.

During the year I have made 165 official visits to Pittsburg schools, have noted the work of the pupils, and tried to cooperate with the teachers for the progress of the children.

In closing, I wish to thank the teachers for their interest and the citizens for their help and cooperation; also to extend to all my best wishes for continued progress and prosperity.

Respectfully submitted,

William F. Skelton, Supt.
